

PureVPN for Anonymity

An [anonymous VPN](#) purpose is to hide user's identity through anonymous IP addresses. PureVPN provides thousands of IPs to ensure each user gets an anonymous IP every time he goes online and is able to access their desired websites.

Please use the **comment box** for your suggestions & feedback. For additional help, please submit [support ticket](#) with errors and screen shots (if possible) or contact our 24/7 live chat.
