- Once done, click Login again

- Now, you will see different modes. Select the one that best suits your needs.

- Connect to your desired location.

- You are now connected!

The screenshot displays the PureVPN web interface. At the top, the title bar reads "PureVPN - Secure Virtual Private Network Connection". The main content area features a large purple play button icon with the text "STREAM" and a "CHANGE MODE" link below it. A "Dashboard" menu item is visible in the left sidebar. A prominent banner at the top right encourages users to "JOIN US ON FACEBOOK" with a "Like Us" button and a "SHOW GRAPH" link. The central section, titled "YOUR REAL IP IS NOW HIDDEN", lists several features and their status: Restricted Websites (Unblocked), Fast Streaming (Enabled), ISP Speed Throttling (Disabled), Private Browsing (Enabled), and Location (set to Hong Kong (SAR)). A large orange "Disconnect" button is positioned at the bottom center. The bottom left corner includes a "Get Browser Extensions" section with icons for Chrome and Firefox. The bottom right corner shows a "Duration: 00:00:03" timer and a "Fetch my VPN IP" link.
