

How to watch Rugby World Cup 2019 on AppleTV

A step-by-step guide on how to setup PureVPN on Apple TV for live streaming of the 2019 Rugby World Cup.

Although Apple TV does not support VPN directly, but still there are different ways you can configure PureVPN on these devices.

1 Connect Smart TV to a Wireless Router Running a VPN. Click [here](#) for router setup guide.

NOTE:

Make sure you connect to the VPN servers mentioned below to enjoy Rugby World Cup 2019:
