

## How to watch Winter Olympics on Kodi

Look no further because we have prepared for you the ultimate [guide](#) for watching Winter Olympics 2018 live on Kodi. This simple step-by-step guide will help in streaming right away!

### How to Install Kodi Live Sports Add-ons?

Listed below are the steps you will have to follow when installing any of the Kodi live sports add-ons

- 1 Download the Repository of the Kodi add-on.
- 2 Launch Kodi and click the Gear Icon to access the Settings.
- 3 Click File Manager, and then choose Add Source.
- 4 Replace 'None' with the repository URL of your choice.
- 5 Once you have typed a name for the repository, click Ok.
- 6 From the home screen, click Add-ons.
- 7 Click the Package Symbol to continue with the installation.
- 8 Click Install from Zip File, and then select the repository name you entered in step 4.
- 9 Click on the repository zip file to install the add-on.
- 10 Return to the Add-ons screen and click Install from Repository.
- 11 Go to Video Add-ons and find the repository you installed.
- 12 Select the Kodi add-on you want and click Install.
