

PureVPN Edge Extension Release Notes

Version 1.1.0

EdgeDate: 23-04-2020

Easy Login is here!

You said it, we did it. You don't have to remember difficult usernames like purevpn0s, purevpn0d, etc. anymore! Simply use your email address & password to login to PureVPN apps and extensions.

This feature was being requested consistently by a lot of our users and we are now rolling it across all our apps.

If you want your voice to be heard then please provide us with your valuable suggestions, ideas and feedback for the upcoming releases here at [PureVPN Ideas Forum](#). Let's build a safe internet together.

Version 1.0.0
