

## How to setup PureVPN PPTP on Tenda Router

Configuring a PureVPN tunnel on your router is a great way to ensure the safety and security of all the devices in your home. This method is especially beneficial if you have devices that don't have VPN compatibility or you want to protect all the Wi-Fi-connected devices in your home.

### Things to Consider:

1. You have a working internet connection
2. VPN Supported Router.
3. A Premium PureVPN account (If you haven't bought yet click [here](#) to buy)

Find your VPN credentials for manual configuration.

To find your VPN credentials log into the PureVPN members area. Click ? [here](#) to visit member area.

- Login to the **Member area** using your PureVPN registered email address and password.
