

How to Set Up PureVPN on Xbox, Xbox One, XBox 360, Uroad Home, Bell, Nvidia Shield and Buffalo?

Setting up PureVPN connection directly on your Xbox and other related devices is not possible as

this device does not support vpn setting option, but don't worry, you can use five other methods to

setup PureVPN on your Xbox and related devices.

- Using Router Base connection to Setup VPN on Xbox. [Click here](#) for setup guide.
- Use Your Computer to Setup VPN on Xbox. [Click here](#) for setup guide.
- Use Your MAC to Setup VPN on Xbox. [Click here](#) for setup guide.
- Manually Configure PureVPN on Windows and set up a virtual private network. [Click here](#) for setup guide.
